**TRAILS:** Governor Knowles State Forest is a mix of single and two track "barefoot friendly" trails. Scenic  
trails in close proximity to the St. Croix River mean breathtaking views and excellent drainage even in wet  
spring weather. Trails are largely packed dirt, packed sand, with occasional loose sand footing.

**CAMPGROUND:** Camping is a bit tight for the number of participants we generally have. Please plan to  
work together to ensure space is available for all. Sharing of camping spaces is generally expected within  
the DNR regulations (RM's will help facilitate).

**FOOD:** Bring your own - gather for awards

**AWARDS:** Awards ceremony Saturday at 7PM
